

Established for over 35 years, we have focused exclusively on providing unbeatable office technology, and although we are a truly national operation, our success has been forged around our unique network of local offices providing on-the-spot response, rapport and reliability.

Managed Print Services

Our Managed Print Services (MPS) have been designed to optimise the processes and workflows your business uses to create, produce and share paper and electronic documents.

It highlights where time and resources could be better utilised and provides a print and copy environment designed to reduce output costs by up to 40%.

The Altodigital MPS proposition is a straightforward, accountable and transparent service. Our aim is to provide guaranteed reductions in print and copy costs, to increase employee productivity and satisfaction, to maintain document security and limit your environmental impact.

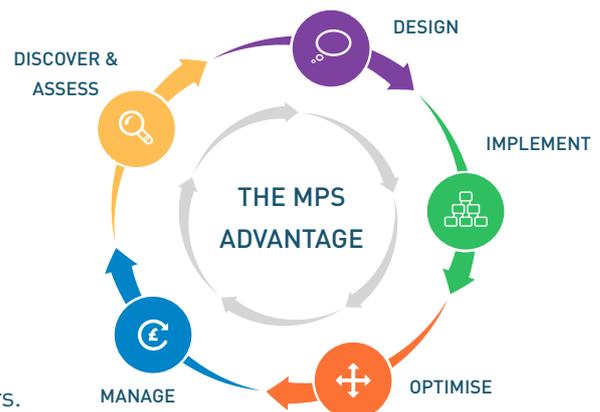

We understand that print environments can be complex and highly individual to you and your needs. That's why you need a robust system that can help you to control output and performance, without losing any efficiency or compromising on security.

Altodigital's 5 phased approach to MPS

Our approach can be summed up in 5 key stages. We will:

- 1 Discover and assess
- 2 Design a bespoke solution
- 3 Implement a robust solution
- 4 Optimise your operations
- 5 Manage new ways to improve the solution

Our unique 5-phased approach depends very much on us developing a close working partnership with all of our customers.

40%

An integral part of your team

Altodigital MPS when implemented will achieve savings in all areas, including – energy, paper, consumables usage culminating in up to 40% on print costs. That makes for a happy, productive and efficient workplace ready to contribute to your overriding success.

With MPS we become an integral part of your team to establish how and where savings can be made. Working together, we will collaborate with you to design a tailored strategy that will eliminate unnecessary costs whilst boosting efficiency.

Responsible for a greener world

We will do our best to ensure you achieve your CSR targets – our MPS solution will optimise your print fleet size, reduce power, paper and consumables usage and encourage the maximum awareness of the need for sustainability.

Employing sustainable business practices is important to any organisation – it's good for your workforce, your future and the ongoing acceptance and recognition of your brand.

Altodigital provides a comprehensive suite of environmental solutions including: asset management, recycling and responsible disposal schemes, environmental impact analyses, sustainability reports, in-house culture change and the latest carbon efficient technology.

Print Solutions

Altodigital's Print Solutions have been designed to optimise the equipment, processes and workflows your business uses to produce and exchange electronic and paper documents. The result is a tailor-made print and copy environment that enhances your productivity, whilst reducing output costs by up to 40%.

The Benefits

- Reduce print output
